About Course Reserves

Your professor may put a particular text or article on reserve for your class. You can find them through the Library using the Course Reserves link.

To access course reserves you will need your AD username and password. This is the same username and password you use to sign into your UCSD email or TritonEd. Once you are logged into the system you can search via instructor or course.

Reserve items can be picked up at the front desk of Geisel Library. You can also view course reserves in person using any of the computer stations around the Geisel Library’s front desk.
